

Melanie and Michael's Wedding
24th April 2009 at The Istana Villa

Dear Libby,

You are indeed an incredible young woman.

In this short note I can not possibly say what an amazing job you did creating such a beautiful wedding for Melanie and Michael.

The whole event was impeccably organized everything was so precise and appeared seemingly effortless on your part although I understand that you must have been under enormous pressure working for friends. With only once chance to pull it off, you certainly did it.

While I have such fabulous memories of a perfect day in the 100's of photos tell the story — the smiles on everyone's faces reflect the pressure of the day. The settings, music, decorations, food, order of service were sensational. You did an EXCELENT job. You certainly have a special gift.

1000 thank yous for everything. Melanie is lucky to have such a wonderful talented friend.

Many hugs,

Helen (Melanie's mother)
